Dixie Mae White

Returned to our loving father on 04/22/24.

Dixie's life didn't start off the greatest but her daddy finally found and rescued her in 2015 when she was 2-3 yrs old. Dixie was the sweetest pup who became dad's best friend. Dixie gained a mama in 2021 and became a big sister to Frannie the weenie dog at the same time. She instantly stole our hearts. Dixie hardly barked but when Frannie was in trouble Dixie was her biggest protector. Dixie became another big sister to Alyvia in 2022. Dixie was a great big sister as she would let Alyvia comb her hair, put hats and bows on her head, and feed her with a spoon. Dixie was the most gentle, loving, chill, sweet German Shepard. Dixie loved car rides, belly rubs, running the fence back and forth playing with Frannie and the neighbors dogs.

Dixie was diagnosed with terminal brain cancer and fought like a champ, but unfortunately the disease was too aggressive. Thank you for having entrusted us with such a loyal friend. Thank you Lord for letting this beautiful animal teach us unselfish love. Thank you for the memories we can recall to brighten our days for the rest of our lives.

Dixie loved all and will be missed by so many. Missing Dixie daily until we meet again are Daddy Forrest White, Mama Ashley Reyna, sister Frannie, baby sister Alyvia, special friends: Gigi and uncle Chris.

We know you will steadily be watching over us like you did everyday. We love

and miss you so much Dixie Cup.

“ Dixie was so frightened when we first brought her to her forever home. She hated stairs and bikes of all kinds. She wasn't fond of people, but would jump in their vehicles for a ride if she saw an open door while on a walk. The way she would buck/jump like an excited calf was so funny. I am thankful that God allowed us to be a part of her life - that we were trusted with her. I know she's keeping Katie company until we get home. I miss you, Dixie.
